voltus™

BETTER ENERGY. MORE CASH.

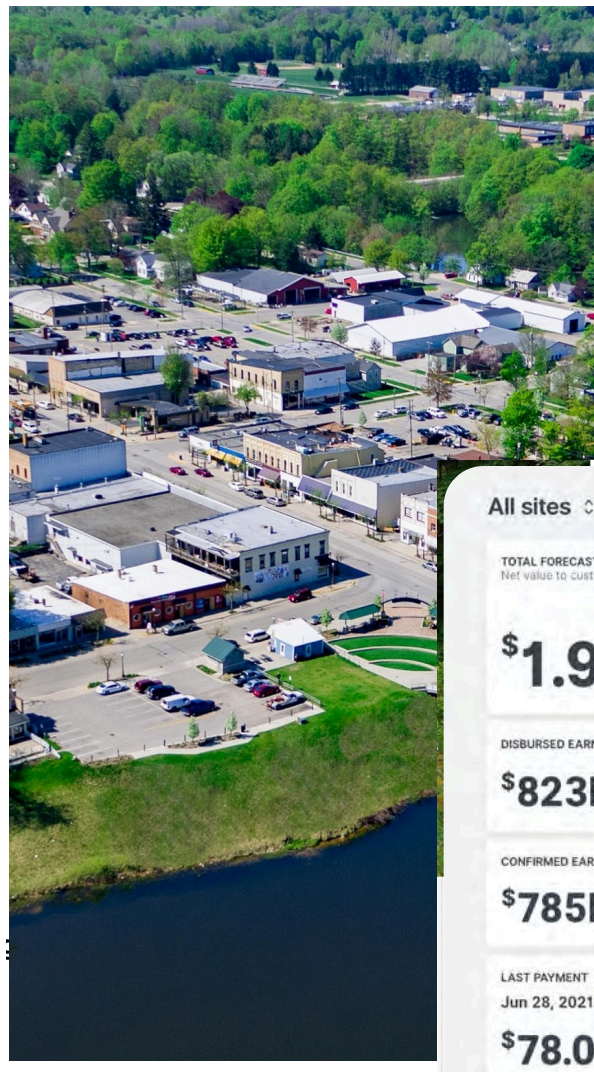

CITY OF HART ENERGY DEPT.

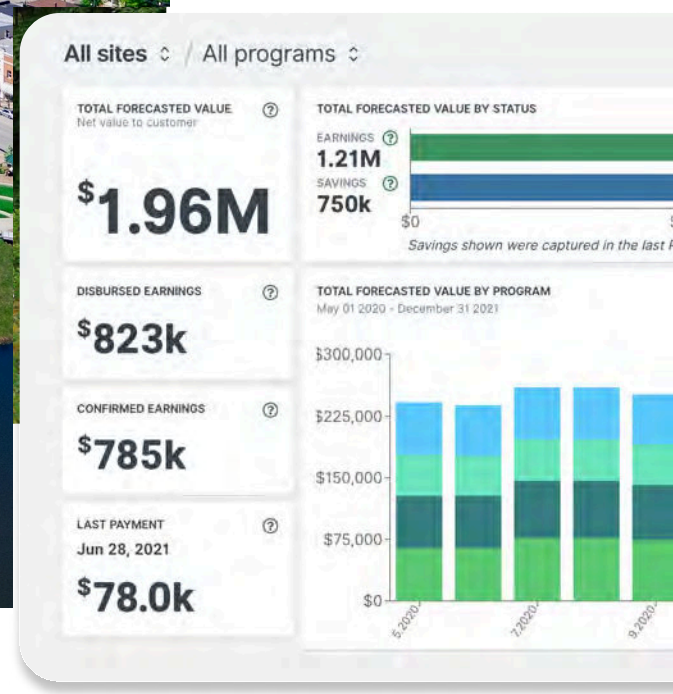

NEW OPPORTUNITY! Get paid to support the electric grid

Hart Energy is partnering with Voltus to help eligible businesses earn cash by participating in demand response.

How does it work? Temporarily reduce electricity use during periods of high grid demand and get paid for helping support a more reliable electric grid.

Voltus makes participation simple with real-time energy monitoring, clear earnings and performance reporting, and 24/7 support from its team.

EARN UP TO $50,000 ANNUALLY PER MW-YEAR

1. Help prevent electricity disruptions
2. Get paid to be on standby to support your community
3. Receive advance notice of potential rolling blackouts
