

The City of Hart is a participating municipality in the Michigan Department of Insurance and Financial Services Fire Insurance Withholding Program. The program provides for the escrow of fire insurance as established by Act 495 of the Public Acts of 1980. The intention is to uniformly apply the provisions of Section 2845 or Section 2227 to all properties within the City of Hart in order to protect and promote the public health, safety and welfare.

These provisions of this act provide that a portion of certain casualty losses for fire or explosion otherwise payable by insurers may be withheld in escrow by our community in order to secure, repair, replace or remove damaged structures which violate the City of Hart health or safety standards.
