PUBLIC COMMENTS, CORRESPONDENCE, EVENTS, PRESENTATIONS:

- No Public comments.

PUBLIC HEARING:

- Public Hearing – Sign Ordinance Amendments
 - The Public hearing was opened at 4:04 pm by Chairman B. Root
 - No Public was available at the time the hearing was open.
 - There was a statement read by R. Splane made by a council member. The concern is the purposed 10 ft setback beyond the right away for temporary signs; The issue came up do to the new temporary sign size limit of '4x8'. The commission was concerned if a sign that big was placed to close too a right of way, it could become a safety issue. So, why not use the verbiage placement not to impede the right of way, traffic, etc. Some people do not have 10 feet beyond their right of way, Perhaps limiting signs that are larger than 24x36 to that 10ft setback? (Jason La Fever walked in after R. Splane read his concern.)
 - A comment made from D. Jirousek is that we already have a requirement that signs can not be in a public right ways and a requirement that they cant be in a clear vision triangle at an intersection, so those are the healthy safety welfare issues. The 10ft setback was discussed 2yrs ago, and for the most part that was intended to be more of an esthetic type requirement but not an essential requirement, we should have acknowledged and taken into consideration that some lots in the city are smaller and might be harder to meet that. But it's really up to the planning commission if we want to waive that as we do have it covered in other manors through the right of way section and the triangle section as well. Under 1259.03, we can strike statement (4) under paragraph (I) Minimum Setback. Ten Feet.

A Motion was made by A. Martin to close the public hearing and supported by D. Laporte. Ayes 5 Nays 0 Absent 1. The motion carried.

DISCUSSION ITEMS:

A motion was made by J. Cunningham that we eliminate under 1259.03 Section (i) Temporary yard sign (4) Minimum Setback. Ten feet be stricken, supported by D. Laporte
